

Home Improvements & Property Repairs

One trusted company for every
aspect of your property.

-  LOCAL TRADES
-  PROFESSIONAL SERVICE
-  PROJECT PLANNER
-  TRANSPARENT PRICING

BUILT AROUND THE HOMEOWNER

A different standard of construction

Quality Construction was created because too many homeowners experience the same problems when having work carried out — poor communication, unreliable trades, unclear pricing, weak organisation and little support once the job is finished.

There are plenty of companies promising to solve those problems, without actually changing the way the work is managed.

We are building something different.

One trusted company capable of looking after every aspect of your property, supported by structured project management, documented quality control, transparent pricing and long-term aftercare.

Our aim isn't simply to complete your project. It's to give you a better experience of construction.

ONE COMPANY	EVERY TRADE
PROPERLY MANAGED	LONG-TERM SUPPORT

WHAT WE DELIVER

Everything your property needs

SCAN QR FOR DETAILS

Home Extensions

More space, more value, designed, managed and delivered properly.

Property Refurbishments

Complete renovations that transform tired properties into modern homes.

Garage Conversions

Turn unused garage space into a valuable living area.

Loft Conversions

Unlock hidden space in your roof: bedrooms, offices, en-suites.

Bathroom Refurbishments

Beautiful, watertight bathrooms installed to last.

Landscaping & Patios

Outdoor spaces designed for living: patios, fencing and garden transformations.

Homeowner Repairs

General repairs, storm damage and property maintenance when you need a trusted local team.

HomeCare

Annual maintenance, roof inspections and preventative care for your property.

Roof Replacements

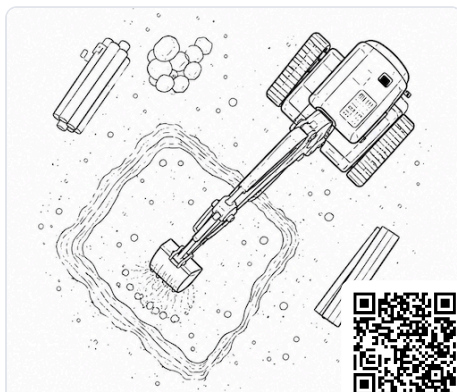

Specialist roofing knowledge backed by decades of construction experience. Replacements properly planned, documented and built to last.

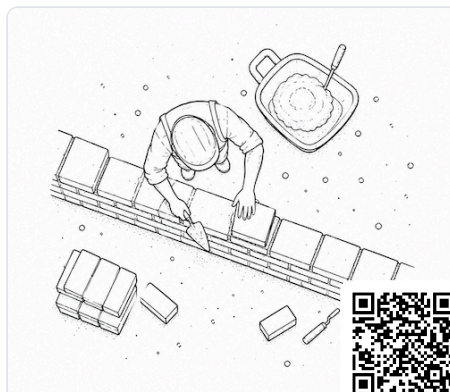

ALL TRADES COVERED

Individual trade expertise

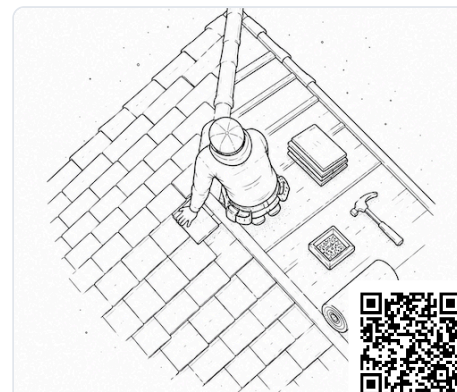

Groundworks to decoration — one company, all trades covered.

Groundworks

Bricklaying

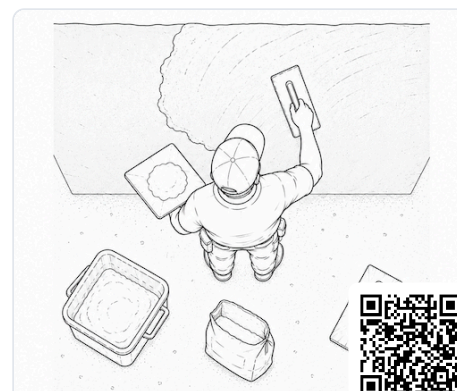

Roofing

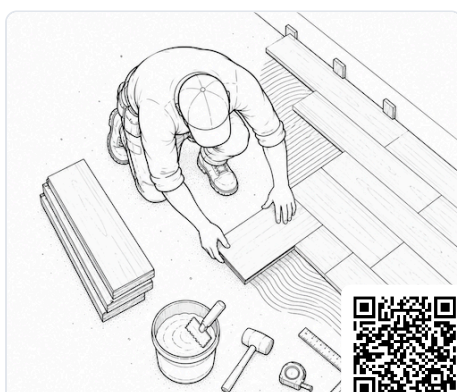

Carpentry

Rendering

Plastering

Flooring

Decorating

Tiling

Windows & Doors

THE QUALITY CONSTRUCTION JOURNEY

From your first enquiry to years after completion

A professionally managed building experience designed to remove the stress from your project and give you complete peace of mind.

1

Free Consultation

We listen first. We discuss your ideas, answer your questions and arrange a convenient survey.

2

Detailed Home Survey

Planning everything properly from the start. Measurements, photographs and site notes ensure nothing is overlooked.

3

Fixed Price Proposal

Know exactly what's included. A detailed quotation with transparent pricing and no hidden surprises.

4

Project Planning

Everything organised before work begins. Documentation, specifications, schedules and Building Control requirements prepared.

5

Professional Project Management

One point of contact throughout. Our Fergus Project Management System keeps your project organised and keeps you informed every step of the way.

6

Quality Control

Before. During. Completion. Every stage is inspected before moving forward to ensure exceptional workmanship.

7

Professional Handover

Everything you need in one place. Certificates, guarantees, documentation and your customer handover pack.

8

Annual Aftercare

Our service doesn't end on completion. Every year we'll return to inspect our workmanship and carry out any minor touch-ups free of charge.

WHY WE'RE DIFFERENT

The Quality Construction Experience

Building work shouldn't be stressful. It should be exciting.

THE PROBLEM	QC RESPONSE	HOW WE PROVE IT
Poor communication	Dedicated Project Management	Fergus project management, scheduled updates, one point of contact and documented communication.
Vague or inconsistent pricing	Fixed Detailed Quotations	Established QC price lists, structured estimating, detailed scopes and documented variation control.
Builders disappear after completion	Annual Complimentary Aftercare	Scheduled follow-up, retained project records and a clear HomeCare pathway.
Poor workmanship	Multiple Quality Inspections	Before, during and completion surveys, photographic evidence, snagging and sign-off records.
Poor organisation	Structured Project Planning	Pre-start pack, programme, delivery plan, material orders, Building Control and task information.
Multiple contractors to organise	Multi-Trade One Stop Solution	One QC project structure coordinating trades, sequencing and customer communication.
Poor paperwork	Professional Documentation	Welcome, project and completion packs, digital records, variations and aftercare information.
No idea what is happening	Complete Project Visibility	Fergus updates, progress photography, project records and clear planned milestones.
Builders cut corners	Quality Without Compromise	QC standards, installation guidance, inspections, photo evidence and corrective-action tracking.
Feeling like just another customer	Long-Term Customer Relationship	Personalised cards, completion gift, annual aftercare contact and future HomeCare support.

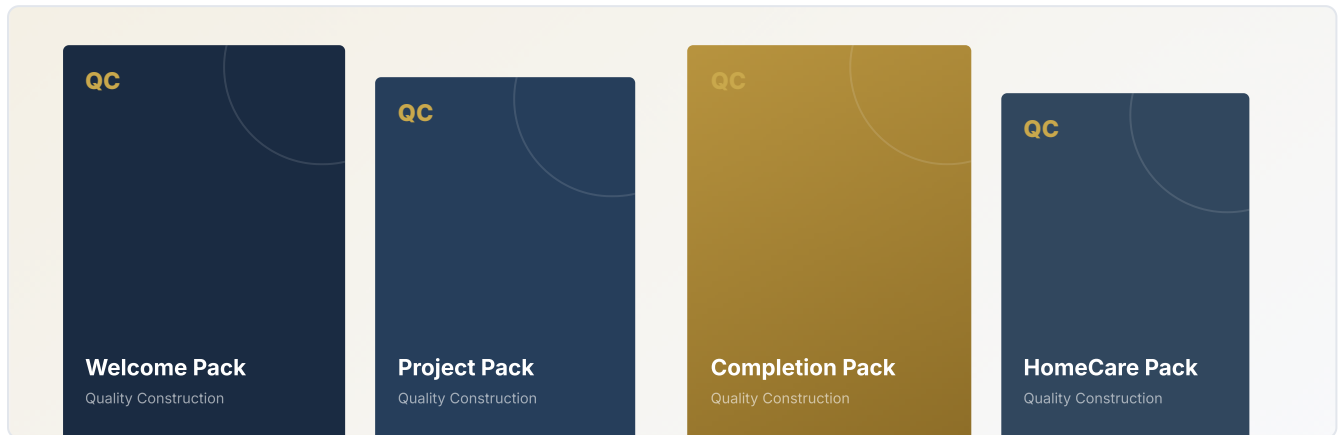

MORE THAN PROMISES

Established price lists, structured surveys, Fergus project management, photographic inspections, documented variations, customer packs and annual aftercare make the experience consistent — not dependent on who happens to be running the project.

A DOCUMENTED CUSTOMER EXPERIENCE

What customers actually receive

Real documents, digital visibility and personal touches — supporting you before, during and long after the build.

CUSTOMER TESTIMONIALS

What our customers say

4.9

51 reviews on Google

Dee Sareen

★★★★★ 2 months ago

A fantastic job done on my property by Kyle and team. Highly recommend them for all roofing and guttering jobs. Also would like to add the great communication from start to finish. Thank you!

Gavin Shaw

★★★★★ 2 months ago

Kyle and the team did a great job today of cleaning my garage roof from moss and then painting a polymer waterproof coating onto the roof. All the rubbish generated was taken away so very pleased.

Andy Sealey

★★★★★ 10 months ago

Kyle and his team at Quality Roofing were great, punctual, communicative, and reasonably priced. They removed our old solar heating panel, replaced the felt and tiles underneath, and disposed of the panel, all in under 90 minutes.

Peter Larrett

★★★★★ 9 months ago

Kyle arrived quickly to look at a problem we had with an old Velux. He quickly set about repairing it and it is now working fine. We really appreciate his quick service. Highly recommended.
